Mr. Allen McCloskey
Department of Natural Resources & Environmental Control
Division of Water Resources
89 Kings Highway
Dover, Delaware 19901

Dear Mr. McCloskey:

Please be advised that it will be necessary for us to take our CMAS 2 aeration tank out of service temporarily. There is a broken air header that requires repair. It is our plan to take the tank out of service today and begin the draining process. Once drained the tank and aeration header will be inspected for necessary repairs by McCabe Mechanical Services, Inc. We will inform you when the work is complete and the tank is back in service.

If you should have any questions, please contact me at (302) 684-1640, ext. 184.

Respectfully submitted,
ALLEN FAMILY FOODS, INC.

Michael R. Sause
Wastewater Manager
